can participate. Listen for K9EFY on 3910Khz. and Ind. Nets.

**INDPLS HAMFEST** Sept. 17, 1972 at the Gas Company Recreational Area  
on Thompson Rd. West of Franklin Rd. & East of Five Points Rd.

**ALVEY'S BACK** --- Alvey Pittman W9EL has just returned from a 6-7 Week trip to  
Italy, Rome, Greece etc. We are all anxious to hear of his  
experiences and see some of his many color slides of this country.

**VHF-FM** Need a 2 meter mobile antenna see June QST pg. #34 for CB Whip  
+ Mod. = 2 Meter 5/8 Vertical. It's cheaper to modify a CB ant  
than buy a ham job? How about a do it your self....such as:  
39" of RG-8 Coax with a 4 Turn coil on a 1/2" insulator 3" long  
and tap feed on up 1-1/2 turns from bottom. Put an insulator on  
the top and hang it from a tree and it works. Use 4 ground plane  
radials at base of coil and a chassis mount coax connector.

**Club HR-2** Dont forget to come to club and sign up for the Club HR-2 2 FM  
tranceiver for your vacation or that week camping. See our Chf.  
Op Ben WA9YCA Members for 6 mo. in good standing can have it 2 weeks.

**PROMOBILE** Fred Crandall K9CFZ presented his ideas on a professional club mobile  
for all band with test gear and TVI elimination, power line detection  
and other ham gear. A committee has been appointed to study this idea.

**CALL BOOK** Remember the Club will soon have both the US and DX call book at each  
meeting with current supplements to look up some one you may not be  
able to find.
